Gentlemen: Attention of Mr. D. E. Seibel.

Your letter of Sept. 23rd, advising us of the Milwaukee Radio Show has just been received at the Chicago Branch. We regret that it is too late to send you any apparatus for display.

We are keenly interested in all transmitting activities. We are attaching hereto bulletin covering our transmitting apparatus, and would be glad to send you a quantity of these upon request.

Yours very truly,

ACME APPARATUS COMPANY.
